ANNEXURE TO THE NOTICE (Explanatory Statement pursuant to Section 102 of the Companies Act, 2013)

Pursuant to Section 102 of the Companies Act, 2013 ('the Act'), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 3,4 and 5 of the accompanying Notice dated April 26, 2021.

ITEM NO. 3

Mr. Prakash Gurav (DIN: 02004317) was appointed as an Additional Director of the Company at the Board Meeting held on April 05, 2021, pursuant to Section 161 of the Act and Article 37 of the Articles of Association of the Company. As such, Mr. Prakash Gurav holds office as Director up to the date of the ensuing AGM and is eligible for appointment as a Director. Notice in writing under Section 160 of the Act has been received from a Member indicating its intention to propose Mr. Prakash Gurav for the office of the Director of the Company at the ensuing AGM.

The Company has received from Mr. Prakash Gurav (i) consent in writing to act as director in Form DIR 2 in terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, (ii) intimation in Form DIR 8 in terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under sub-section (2) of Section 164 of the Companies Act, 2013, (iii) a declaration to the effect that he is not debarred from holding the office of director by virtue of any SEBI order or any other such authority, and (iv) a declaration to the effect that he meets the criteria of independence and he is not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact her ability to discharge his duties with an objective independent judgment and without any external influence as prescribed under the Act and the Listing Regulations and other related documents. He holds valid registration certificate with Data Bank of Independent Directors.

In the opinion of the Board, Mr. Prakash Gurav fulfills the conditions specified in the Act and Rules made thereunder for his appointment as an Independent Director of the Company and is independent of the Management. The Board, based on the recommendation of the Nomination and Remuneration Committee, recommends his appointment as Non- Executive Independent Director for first term of 5 (five) consecutive years commencing from April 05, 2021 up to April 04, 2026.

Details as stipulated in Regulations 26(4) and 36 (3) of the Listing Regulations and as per Secretarial Standards – 2 on General Meetings is annexed and forms part of this AGM Notice.

Copy of draft letter of appointment of Mr. Prakash Gurav setting out the terms and conditions of appointment is available for inspection by the Members at the website of the Company viz. www.autostampings.com

Mr. Prakash Gurav and her relatives do not hold any shares in the Company and is not related with other Directors, Manager and other Key Managerial Personnel of the Company.

None of the Directors or Key Managerial Personnel or their relatives other than Mr. Prakash Gurav are concerned or interested, financial or otherwise, in the Resolution set out at an Item No. 3.

Accordingly the Board recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Members of the Company.

ITEM NO. 4

The Board of Directors of the Company, on recommendation of Nomination and Remuneration Committee at their respective meetings held on October 17, 2019 appointed Mr. Jitendraa Dikkshit as a “Manager” under Section 196 of the Companies Act, 2013 (the Act), designated as the ‘Chief Executive Officer’ of the Company, for a period of not exceeding 3 years from October 17, 2019 to October 16, 2022 and approved payment of his remuneration. In the 30th Annual General Meeting held on August 20, 2020, Members of the Company regularized appointment and remuneration of Mr. Jitendraa Dikkshit as ‘Chief Executive Officer’.

Further, The Board of Directors of the Company, on recommendation of Nomination and Remuneration Committee at their respective meetings held on April 05, 2021 has approved revision in remuneration payable to Mr. Jitendraa Dikkshit.

The revision in the remuneration payable to him is subject to the approval of the Members.

Schedule V to the Act, fixes the limits for payment of managerial remuneration by companies in case of loss or inadequacy of profits in any financial year and inter-alia, requires Members’ approval for payment of managerial remuneration to the managerial person by way of a Special Resolution. Mr. Jitendraa Dikkshit is functioning in a professional capacity and is not having any interest in the capital of the Company or its holding Company or any of its subsidiaries directly or indirectly or through any other statutory structures and not having any direct or indirect interest or related to the Directors or Key Managerial Personnel or Promoters of the Company or its holding Company or any of its subsidiaries at any time during the last two years before or on or after the date of appointment. Besides the terms and conditions for payment of managerial remuneration as contained in the proposed Resolution, the other main terms and conditions, contained in the agreement being entered into in this behalf with the Mr. Jitendraa Dikkshit in the FY 2020-21 shall remain same.

In compliance with the provisions of Section 196, 197 read with Schedule V and other applicable provisions thereof and the provisions of the Act as may be applicable (including any statutory modification or re- enactment thereof for the time being in force), the revision in remuneration of Mr. Jitendraa Dikkshit, Manager designated as CEO on the terms and conditions specified above is now being placed before the Members for their approval.

Other than Mr. Jitendraa Dikkshit, no Director, Key Managerial Personnel or their respective relatives are concerned or interested in the Resolution mentioned at Item No.4 of the Notice.

Accordingly the Board recommends the Special Resolution set out at Item No. 4 of the Notice for approval by the Members of the Company.

OPERATIONS

During the period under review, your Company has four manufacturing facilities at Chakan Unit-1, Chakan Unit-2, Pune (Maharashtra), Halol (Gujarat) and Pantnagar (Uttarakhand).

The Financial Year 2020-21 begin with the pandemic situation created by the spread of the Corona virus COVID-19, all over the world and day to day life across the globe came to a virtual stop and your Company

was not an exception. The operations were disrupted at all the manufacturing facilities of the Company. Your Company had to put a halt on its operations for some period during March, 2020 to May, 2020, considering the wellness and safety of its people and complying with Government and Health authorities' advisories during lockdown.

Your Company's sales during the first half of the year were impacted by lower volumes than expected in all segments considering various developments in auto sector like BS-VI norms transition, introduction of Electric Vehicles in passenger vehicle segment that resulted into low inventory / production for all OEMs and which was further exacerbated by COVID-19 related lockdown in March, 2020. Some of the models under Passenger Car segment and Commercial Vehicles segment, on which your Company has heavy dependence, recorded drop in volume and this had an adverse effect on sales. However, during the second half Auto market showed signs of growth bouncing back to pre-Covid levels and higher in all segments. All major customers witnessed including anchor customer of your Company recorded a positive growth in all segments.

In order to achieve operational efficiency and productivity improvements, in quarter 4 of of FY 2020-21, the Company has shifted manufacturing operations located at Chakan Plant- 2, Pune (Maharashtra) from "Survey No. 679/2/2, Alandi Road, Kuruli, Chakan, Taluka - Khed, District- Pune: 410 501" (leasehold premises) to the premises of Chakan Plant 1 located at Gat No 427, Medankarwadi, June Chakan, Taluka - Khed, District- Pune: 410 501, Maharashtra, India' and these operations have been merged with Chakan Plant I.

Further, the Company has proposed to transfer ownership rights in the land along with building located at Survey No. 173, Village-Khakharia, Taluka: Savali, Near GIDC, Halol 389 350, Gujarat, India and land along with building located at Gat No. 427, Medankarwadi Chakan, Taluka: Khed, Pune 410 501 Maharashtra. Management will seek necessary approvals from concerned authorities. The Company will obtain shareholders' approval for this proposal

Financial Year 2020-21 has been a challenging year and having endured and managed to recover from the disruptions induced by a once-in-a-century event, the your Company is cautiously looking forward to 2022 with hopes of putting up a better show in the post-COVID-19 world.

The Company is taking all necessary measures in terms of mitigating the impact of the challenges being faced in the business. The Company is working towards being resilient in order to sail through the current situation. It is focused on controlling the fixed costs, maintaining liquidity and meticulously managing supply chain issues to ensure that the manufacturing facilities operate smoothly.

Your Company operates its business in conformity with the highest ethical and moral standards and employee centricity. In view of the outbreak of the pandemic, your Company undertook timely and essential measures to ensure the safety and well-being of its employees at all its plant locations and office.

The Management is confident that the cost reduction initiatives and operational efficiencies are sustainable. Your Company has been aggressively managing its net working capital and was able to keep it under control.

Your Company is focused on achieving volume growth, reduction in costs and improving product portfolio. These measures will continue to drive improvement in your Company's business.

INCOME AND EXPENDITURE

During the year under review, the net Sales excluding other operating income dropped by 6.39 per cent to ₹ 33,910.81 Lakhs as compared to previous year primarily due to reduction in Customer volumes & lower off take from key Customers. Other operating revenue decreased from ₹ 15.88 Lakhs to ₹ 2.21 Lakhs. Other income of ₹ 5.20 Lakhs mainly consists of gain on sale of assets of ₹ 36.45 Lakhs and other non- operating income of ₹ 7.96 Lakhs.

Cost of materials consumed (including change in stock) as a percentage to sales increased by 1.90 per cent to 77.03 per cent because of change in the product mix. In order to mitigate the impact, your Company is taking

Automotive Stampings and Assemblies Limited

various cost reduction initiatives like negotiations with customers and vendors, blank optimization, band tolerance, CTS (Cut to Size) to coil ratio, grade change, resourcing and change in the product mix. The Management has been taking continuous steps to improve material yield.

Employee benefits expense decreased by 15.24 per cent as compared to previous year due to changes in manpower requirements and outsourcing.

Other Expenses comprising Administration and Selling Expenses have decreased to ₹ 5195.20 Lakhs largely due to reduction in sales as compared to previous year & costs related to rent and leasing, logistic costs, freight and forwarding charges, rates and taxes, power and fuel, packing materials, machinery repairs and maintenance, consultancy fees etc. During FY 2020-21, Finance cost increased to ₹ 1,829.34 Lakhs due to increased borrowings.

Your Company is taking various initiatives on productivity improvements and cost reduction Programmes.

Key Financial Ratios

Sr. No	Ratios	31.3.2021	31.3.2020	% change
1	Debtors Turnover	10.89	11.44	(13.99)
2	Inventory Turnover	36.67	20.19	83.91
3	Interest Coverage Ratio	0.00	0.67	(99.52)

6	Operating Profit Margin (%)	(3.36)	(5.63)	(40.28)
7	Net Profit Margin (%)	(8.76)	(4.69)	86.54
8	Return on Net Worth	(33.47)	(28.92)	15.76

Notes:

1. Current ratio is slightly increased as compared to previous FY 2019-20 mainly due to inventories.
2. Increase in debt during FY 2020-21 as compared to previous FY 2019-20 resulted in slight increase in debt equity ratio.
3. During the year under review, the net Sales dropped by 6.42 per cent to ₹ 33,913 Lakhs as compared to previous year primarily due to reduction in Customer volumes & lower off take from key Customers.

OPPORTUNITIES AND THREATS

• Investment in Technology / Process

To meet the Customer's expectations, it is important for the automotive industry to continuously upgrade its technology and processes. Your Company is also upgrading its technology to participate in new vehicle programmes launched by Customers. During the year under review your Company has implemented and productionised automation in weld shop for various new programmes especially at Chakan plant. Your Company has implemented SCADA (Supervisory Control and Data Acquisition) based Automated BAR CODE System for RTB higher end assembly for a customer passenger car (Nexon) Program. SCADA is a control system architecture comprising computers, networked data communications and Graphical User Interfaces (GUI) for high-level process supervisory management, while also comprising other peripheral devices like programmable logic controllers (PLC) and discrete proportional-integral-derivative (PID) controllers to interface with process plant or machinery. All these efforts have resulted in improvement in productivity and customer satisfaction. The profitability of the Indian Auto Components Industry is likely to continue to be subdued due to pricing Pressures from OEMs.

- **Company's own technology / processes / system improvement plan:**

Your Company is undertaking various new technology initiatives, process upgradation and system enhancements like installation of Robotic Welding Lines for new Customer programmes at Chakan and Pantnagar plants,

SEGMENT-WISE PERFORMANCE

Your Company operates only in the Automobile Component Segment in the Domestic Market.

FUTURE OUTLOOK

The COVID 19 Pandemic affected the global economy in FY2020-21. The Auto Industry was affected by this pandemic and witnessed a negative growth of 14.04 per cent. The Passenger Vehicle segment, which includes passenger cars, vans and utility vehicles, registered a negative growth of 10.58 per cent. Within this segment, while the Utility vehicle market grew at 4.04 per cent the Van segment and the Passenger Car segment recorded a negative growth of 18.50 per cent and 17.80 per cent respectively. The Commercial Vehicle segment also registered a negative growth of 17.42 per cent. Within the CV segment, the M&HCV segment registered a negative growth of 22.02 per cent and LCV segment registered a negative growth of 15.38 per cent. The Two wheeler segment registered a negative growth of 12.76% and three wheeler segments registered a negative growth of 46.06 per cent also.

According to outlook of SIAM in financial year 2021-22, there is estimated growth of 22% in the passenger vehicles, 28% in Commercial Vehicle, 18% in 2 & 3 wheeler vehicle segment and 13 % in tractor segment.

Considering the vaccination drive for all age groups, we expect that the growth will pick-up from Aug' 2021 onwards subject to all parts available for OEM to build the vehicle and supply chain issues that may create adverse impact and put brakes to growth momentum temporarily.

Apart from the cost reduction programmes, your Company has been aggressively pursuing new business opportunities in off- road, Commercial Vehicles, and Three Wheeler Segment by targeting greater share of business from existing and new Customers and ramp up of business in Utility Vehicle Segment. This will not only increase the sales but also will help to reduce the dependency on one segment resulting in reducing overall risk.

Your Company is taking all necessary measures in terms of mitigating the impact of the challenges being faced in the business with the required support from the Promoter Company as well. Your Company is focusing more on off road and commercial vehicle segment wherein recently Government has announced economic relief package to agriculture & infrastructure sector. The said plan takes into account reductions in costs through operational efficiency, improvement initiatives and rationalization of existing operations, adding new businesses, crude oil prices and increase in sales volumes from the existing and new customers etc. which will help in improving the Company's future financial performance.

However, key concerns relates to slowing down in economy, fast recovery of auto industry, higher prices of BS-VI rollout vehicles, impact of Axle load norms, rise in commodity price, and dipped consumer sentiment owing to uncertainty surrounding the Pandemic continue to be challenging times for the auto industry.

RISKS AND CONCERNS

Your Company has systems in place to identify, assess, monitor and mitigate various risks to key business objectives. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. These are discussed regularly at Audit Committee meetings.

Risks Identified and Mitigating actions:

- **Concentrated Customer Base:** Your Company has taken steps to mitigate this risk by business development activities to enhance and increase the customer base and striving to increase share of business with existing customers where Company's share is low.

Automotive Stampings and Assemblies Limited

- **Rising input costs:** Rising input costs are a risk and hence, your Company has on going improvement initiatives like conversion cost reduction, supply chain efficiency improvement and material yield improvement.
- **Skill Availability:** Your Company focuses on recruitment and in-house skill development to address this Challenge.
- **Market risk:** The COVID-19 pandemic can lead to disruption in supply chain management and manufacturing processes that may impact business goals and profitability. Your Company is taking all necessary measures to minimize the impact of COVID-19 outbreak.

Your Company is working diligently to mitigate the above risks and concerns.

STATE OF COMPANY'S AFFAIRS

Your Company has engaged the British Safety Council (BSC) for certification. Your Company is in process of getting BSC Certification in the FY 2020-21. Internal Audits of BSC for health, safety and environment have been conducted at all Plants every quarter wherein all plants received 5 star ratings. Further safety training and awareness initiatives have been undertaken during the year. Health checks and counseling are extended to employees by Group Medical Chief.

During the year, the approach to safety has been further strengthened in all operations in our company. Regular safety drills and safety audits are conducted at all plants. The requisite training is provided to the employees in Safety. Safety enforcement is continuously being monitored and the company is taking guidance from reputed agencies in this activity.

To mitigate pandemic situation, continuous awareness of risks is being evaluated and steps like wearing of masks, sanitization, social distancing, SOPs in canteen, face punching instead of thumb punching, punching cards given to all official staff, temperature checking is being done. The company is connecting to local agencies for dissipation of information like vaccination centres. 80% of employees above the age of 45 have already taken the vaccine.

Company has taken initiatives to reduce its carbon footprint by reducing power consumption and selling steel scrap to be reprocessed and sold. Also initiated reuse of cartoon boxes for normal packing.

There is a continued focus on tracking of "near miss" incidences which has resulted not only in reduction of reportable accidents but even in first aid injuries and non-reportable accidents. Safety competitions, presentations on safety kaizens, environment mock drills, etc. are conducted for achieving a safe and healthy work environment.

Your Company has taken initiatives to reduce its carbon footprint by reducing power consumption and selling steel scrap to be reprocessed and sold.

Your Board of Directors are regularly updated on Health, Safety and Environment related matters.

QUALITY INITIATIVES

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Automotive Stampings and Assemblies Limited (“the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Management is responsible for the preparation and filing of all the forms, returns and documents for the compliances under the Companies Act, 2013, rules there under and compliances of all the laws and regulations listed hereinafter and to ensure that they are free from material non-compliance, whether due to fraud or error.

Secretarial Audit for the Company is conducted as a process of verification of records and documents on sample basis to check secretarial compliances with the provisions of laws, rules and procedures. The procedure for Secretarial Audit is selected on the Secretarial Auditor’s judgment of material facts of the documents submitted. Our responsibility is to express an opinion on the secretarial compliances of the aforesaid laws done by the Company on the basis of our audit. We have conducted the audit solely on the basis of secretarial compliances and filing done by the Company, under the below mentioned laws.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby make our report on the basis of our opinion during the audit conducted covering the financial year ended on 31st March 2021, on various secretarial compliances with statutory provisions listed hereunder and on Board processes and compliance mechanism to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2021, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

Automotive Stampings and Assemblies Limited

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built to last. The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behavior and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large.

Strong leadership and effective corporate governance practices have been the Company's hallmark inherited from the Tata culture and ethos.

The Company has a strong legacy of fair, transparent and ethical governance practices.

The Company's business objective is to manufacture its products in such a way as to create value that can be sustained over the long term for its customers, shareholders and employees. The Company is conscious of the fact that its success is a reflection of the professionalism, conduct and ethical values of its management and its employees. Pursuant to Listing Regulations, the Company has executed fresh Listing Agreement with the Stock Exchange(s).

The Company is in compliance with the requirements stipulated under Regulation 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable, with regard to corporate governance.

A report, in line with the requirements of Listing Regulations for the year ended March 31, 2021 is given below:

BOARD OF DIRECTORS:

- **Composition of the Board:**

The Board of Directors of the Company consists of six Directors as on March 31, 2021. All six are Non-Executive Directors of whom two are independent with one being a Woman Director.

The Composition of the Board is in conformity with Regulation 17 of Listing Regulations read with Section 149 of the Company Act, 2013 ("Act").

Further we regret to inform you that, Mr. Shrikant Sarpotdar, Independent Director of the Company passed away due to Cardiac Arrest on March 14, 2021. Mr. Shrikant Sarpotdar was appointed on the Board of the Company in the year 2019 and the Company immensely benefitted from his vision and leadership during his tenure.

None of the Directors on the Board holds directorships in more than ten public companies. None of the Independent Directors serves as an independent director on more than seven listed entities. Necessary disclosures regarding Committee positions in other public companies as on March 31, 2021 have been made by the Directors. None of the Directors is related to each other.

None of the Directors on the Board is a member of more than 10 Committees or Chairman of more than 5 Committees across all Public Companies in which he/ she is a Director. For this purpose, membership / Chairmanship in Audit Committee and Stakeholders Relationship Committee is considered. Further no person has been appointed or continues as an alternate director for an Independent Director of the Company.

The necessary disclosures regarding Committee positions have been made by all the Directors.

- **Code of Conduct for Directors and Senior Management:**

The Company has adopted the “Tata Code of Conduct” for all the employees of the Company. Tata Code of Conduct (TCoC) is a comprehensive written code which is applicable to all employees including CEO, the Managing and Executive Directors. The TCoC is augmented by a number of policies that help strengthen governance practices at the Company. The Code lays emphasis amongst other things, on the integrity at workplace and in business practices, honest and ethical personal conduct, diversity, fairness and respect etc.

The Board has also approved a “Code of Conduct for Non-Executive Directors”. The Code was suitably modified in October, 2014 to include the duties of Independent Directors as laid down in the Act.

The Code of Conduct for the employees as well as Non-Executive Directors is posted on the website of the Company: www.autostampings.com.

The Company's philosophy of Corporate Governance has been further strengthened through Tata Business Excellence Model, the Tata Code of Conduct, Code of Conduct for Prevention of Insider Trading and the Code of Corporate Disclosure Practices (“Insider Trading Code”) and the requirements of Corporate Governance under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations). The Company has in place an Information Security Policy that ensures proper utilization of IT resources. The governance of the Company is guided by strong emphasis on transparency, commitment to values, Accountability and integrity.

Further, all the Board Members and Senior Management Personnel of the Company as per Listing Regulations have affirmed compliance with the respective Code of Conduct. A declaration to this effect signed by the Chief Executive Officer of the Company forms part of this report.

- **Vigil Mechanism / Whistle Blower Policy:**

The Company has put in place a Vigil Mechanism / Whistle Blower Policy as adopted by the Board of Directors. The Policy encourages whistle blowing against unethical or improper activity by providing early and confidential access with further protection and without risk of reprisal. The Audit Committee periodically reviews the functioning of the Policy.

The Company has revised the Whistle-Blower policy to include “reporting of incidents of leak or suspected leak of Unpublished Price Sensitive Information (UPSI)” in terms of Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as amended from time to time and the revised Vigil Mechanism / Whistle Blower Policy was approved by the Audit Committee and the Board effective from April 1, 2019 respectively. The policy as approved may be accessed on the Company's website at the link www.autostampings.com.

All Directors and employees have access to the Chairman of the Audit Committee. The policy with the name and address of Chairman of the Audit Committee has been circulated to the employees. Further no personnel have been denied access to the Audit Committee during the period under review.

- **Number of Board Meetings:**

During the financial year 2020-21, 6 (Six) Board Meetings were held and the gap between two Board Meetings did not exceed 120 days. The meetings were held on July 08, 2020, August 21, 2020, November 09, 2020, January 28, 2021, January 31, 2021 and March 09, 2021. The necessary quorum was present for all the above Board Meetings.

- E. Ability to function as a team;
- F. Initiative;
- G. Availability and attendance;
- H. Commitment;
- I. Contribution;
- J. Integrity; and
- K. Independence.

The Board and the Nomination and Remuneration Committee reviewed the performance of individual directors on the basis of above criteria. Additionally, for the Chairman, the key aspects of the role have been considered like: (a) Efficient leadership, decisive, courteous, professionalism, coordinate the discussion and steer the meeting effectively; (b) Impartial in conducting discussions, seeking views and dealing with dissent; and (c) Communicating effectively with all stakeholders and enable meaningful relationships as required.

➤ **EVALUATION OF BOARD:**

- Areas for evaluation as per the guidance note on Board Evaluation as per SEBI Guidance Note :

The performance of the Board was evaluated by the Board after seeking inputs from all the directors on the basis of criteria such as:

- A. Structure of the Board;
- B. Meetings of the Board;
- C. Functions of the Board; and
- D. Board & Management.

The performance of the Committees was evaluated by the Board after seeking inputs from the Committee members on the basis of criteria such as:

- A. Mandate and composition;
- B. Effectiveness of the Committee;
- C. Structure of the Committee and meetings;
- D. Independence of the Committee from the Board; and
- E. Contribution to decisions of the Board.

➤ **Meeting of Independent Directors:**

Automotive Stampings and Assemblies Limited

During the year under review, the Independent Directors met on March 11, 2021 and:

1. Reviewed the performance of Non-Independent Directors and the Board as a whole for FY 2020-21 and Chairman of the Company, taking into account the views of executive directors and non-executive directors.; and
2. Assessed the quality, quantity and timeliness of flow of information between the Management and the Board.

All the Independent Directors were present at the Meeting.

In the Board meeting that followed the meeting of the Independent Directors and meeting of Nomination and Remuneration Committee, the performance of the Board, its Committees, and individual Directors was also discussed. The performance of the Chairman was evaluated for FY 2020-21 by the 'Nomination and Remuneration Committee' and the Board.

Board Diversity:

The Board ensures that a transparent Board nomination process is in place that encourages diversity of thought, experience, knowledge, perspective, age and gender. It is ensured that the Board has an appropriate blend of functional and industry expertise.

REMUNERATION POLICY FOR DIRECTORS, KEY MANAGERIAL PERSONNEL AND SENIOR MANAGEMENT / OTHER EMPLOYEES AS APPROVED BY THE BOARD AS PER PROVISIONS OF ACT AND LISTING REGULATIONS:

Remuneration for Independent Directors and Non-independent Non-executive Directors:

1. Independent Directors ("ID") and Non-independent Non-executive Directors ("NED") may be paid sitting fees (for attending the meetings of the Board and of Committees of which they may be Members) and commission within regulatory limits.
2. Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the 'Nomination and Remuneration Committee' and approved by the Board.
3. Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate Directors aligned to the requirements of the Company (taking into consideration the challenges faced by the Company and its future growth imperatives).
4. Overall remuneration should be reflective of size of the Company, complexity of the sector/industry/ Company's operations and the Company's capacity to pay the remuneration.
5. Overall remuneration practices should be consistent with recognized best practices.
6. Quantum of sitting fees may be subject to review on a periodic basis, as required.
7. The aggregate commission payable to all the NEDs and IDs will be recommended by the 'Nomination and Remuneration Committee' to the Board based on Company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board.
8. The 'Nomination and Remuneration Committee' will recommend to the Board the quantum of commission for each Director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and committee meetings, individual contributions at the meetings and contributions made by Directors other than in meetings.
9. In addition to the sitting fees and commission, the Company may pay to any Director such fair and reasonable expenditure, as may have been incurred by the Director while performing his/ her role as a Director of

the Company. This could include reasonable expenditure incurred by the Director for attending Board/ Board Committee Meetings, General Meetings, Court Convened Meetings, Meetings with Shareholders/ Creditors/ Management, site visits, induction and training (organized by the Company for Directors) and in obtaining professional advice from independent advisors in the furtherance of his/ her duties as a Director.

Remuneration for Managing Director (“MD”)/ Executive Directors (“ED”)/ Manager / Chief Executive Officer / Senior Management / KMP / rest of the employees:

- The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence remuneration should be:
 - Market competitive (market for every role is defined as companies from which the Company attracts talent or companies to which the Company loses talent)
 - Driven by the role played by the individual,
 - Reflective of size of the Company, complexity of the sector/ industry/ Company’s operations and the Company’s capacity to pay
 - Consistent with recognized best practices; and
 - Aligned to any regulatory requirements.
- In terms of remuneration mix or composition:
 - The remuneration mix for the MD/ EDs/ Manager/ Chief Executive Officer is as per the contract approved by the Shareholders. In case of any change, the same would require the approval of the Shareholders.
 - Basic/ fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience.
 - In addition to the basic/ fixed salary, the Company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings and tax optimization, where possible. The Company also provides all employees with a social security net (subject to limits) by covering medical expenses and hospitalization through re-imbursements or insurance cover and accidental death and dismemberment through personal accident insurance.
 - The Company provides retirement benefits as applicable. Excludes employee covered by any long term settlements or specific term contracts. The remuneration for these employees would be driven by the respective long term settlements or contracts.
 - In addition to the basic/ fixed salary, benefits, perquisites and allowances as provided above, the Company provides such remuneration by way of annual incentive remuneration/ performance incentive subject to the achievement of certain performance criteria and such other parameters as may be considered appropriate from time to time by the Board. An indicative list of factors that may be considered for determination of the extent of this component are:
 - a) Company performance on certain defined qualitative and quantitative parameters as may be decided by the Board from time to time,
 - b) Industry benchmarks of remuneration,
 - c) Performance of the individual.

The Company provides the rest of the employees a performance linked bonus/incentives. The performance linked bonus /incentive would be driven by the outcome of the performance appraisal process and the performance of the Company.

• **Remuneration payable to Director for services rendered in other capacity**

The remuneration payable to the Directors shall be inclusive of any remuneration payable for services

Automotive Stampings and Assemblies Limited

rendered by such Director in any other capacity unless:

- a. The services rendered are of a professional nature; and

OTHER SHAREHOLDERS RELATED INFORMATION:

Regulation 39(4) & Schedule VI of Listing Regulations w.r.t. Unclaimed Shares

- As per the Scheme of Arrangement (demerger) of 2001 between the Company and JBM Auto Limited (formerly known as JBM Auto Components Limited), the shareholders of the Company were required to surrender the original share certificates of the Company for exchange of new share certificates of both the Companies. The Company had pending share certificates of those shareholders who had not submitted their share certificates in terms of the scheme of arrangement for exchange and also of those shareholders in whose case new share certificates remained undelivered.
- In compliance with the amendment to Clause 5A of Listing Agreement, the Company has opened a demat account in the name of Automotive Stampings and Assemblies Limited - Unclaimed Securities Suspense Account for the purpose of transferring the unclaimed shares. As per the said circular, the shares which remained unclaimed even after three reminders, were dematerialized and transferred to the above said demat account in FY 2015-16.
- As and when any shareholder approaches the Company or the Registrar and Transfer Agent (RTA) to claim the above said shares, after proper verification, the shares lying in the Unclaimed suspense account shall either be credited to the demat account of the shareholder or the physical certificates shall be delivered after re-materializing the same, depending on what has been opted by the shareholder.
- **Disclosure with respect to shares lying in suspense account:**

Particulars	Shareholders	Shares
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on April 1, 2020	123	16638
Number of shareholders who approached the Company for transfer of shares from suspense account during the period*	-	-
Number of shareholders to whom the shares were transferred from the suspense account during the period*	-	-
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on March 31, 2021	123	16638

The voting rights on such shares shall remain frozen till the rightful owner claims the shares.

Procedure for dematerialization of shares:

Shareholders seeking demat of their shares need to approach their Depository Participants (DP) with whom they maintain a demat account. The DP will generate an electronic request and will send the physical share certificate to Registrar and Share Transfer Agent (“the Registrar”) of the Company. Upon receipt of the request and share certificate, the Registrar will verify the same. Upon verification, the Registrar will request National Securities Depository Ltd. (NSDL)/Central Depository Services (India) Ltd. (CDSL) to confirm the demat request. The demat account of the respective shareholder will be credited with equivalent number of shares. In case of rejection of the request, the same shall be communicated to the shareholder.

DIVIDEND INFORMATION

- The amount of the dividend remaining unpaid or unclaimed for a period of seven years from the date of transfer to unpaid dividend account of the Company shall be transferred to the Investor Education and Protection Fund (the “Fund”) set up by the Government of India.
- Accordingly, the dividend upto the financial year ended March 31, 2012 which remained unpaid or unclaimed over a period of seven years had been transferred by the Company to Investor Education and Protection Fund (IEPF) in the FY 2019-20. Now, Company has no dividend amount which remains unpaid or unclaimed.
- Further in accordance with Section 124(6) of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended from time to time, amongst other matters, all shares in respect of which dividend has remained unclaimed or unpaid for seven consecutive years or more are required to be transferred to the Demat Account of the IEPF Authority.

Accordingly, all the shares in respect of which dividends were declared upto the financial years ended March 31, 2012 and remained unpaid or unclaimed were transferred to the IEPF Demat Account. The Company has sent notices to all such members in this regard and thereafter transferred the shares to the IEPF during financial year 2019-20. The details of unpaid / unclaimed dividend and number of shares liable to be transferred are available on website: www.autostampings.com

- Members are requested to note that no claim shall lie against the Company in respect of any amount of dividend remaining unclaimed / unpaid for a period of seven years from the dates they became first due for payment. However, Shareholders may claim from IEPF Authority both unclaimed dividend amount and the shares transferred to IEPF Demat Account as per the applicable provisions of Companies Act, 2013 and Rules made thereunder. The Member/Claimant is required to make an online application to the IEPF Authority in Form IEPF-5 (available on www.iepf.gov.in) along with requisite fees as decided by the IEPF Authority from time to time. The Member/Claimant can file only one consolidated claim in a financial year as per the IEPF Rules.

Automotive Stampings and Assemblies Limited

- In order to help Members to ascertain the status of Unclaimed Dividends, the Company has uploaded the information in respect of Unclaimed Dividends on the website of Investor Education and Protection Fund: www.iepf.gov.in and on the website of the Company: www.autostampings.com.

While the Registrar and Share Transfer Agents of the Company has already written to the shareholders informing them about the due dates of transfer to IEPF for these payments, attention of the shareholders is again drawn to this matter through Annual Report.

Automotive Stampings and Assemblies Limited

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF AUTOMOTIVE STAMPINGS AND ASSEMBLIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Automotive Stampings and Assemblies Limited ("the Company"), which comprise the balance sheet as at 31 March 2021, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Material uncertainty Related to Going Concern

We draw your attention to note 4.4 in the financial statements, which states that the Company has incurred a net loss of INR 2,988.74 lakhs during the year ended 31 March 2021. Further, as of the date, the Company's liabilities exceed its total assets by INR 8,872.07 lakhs i.e. the net worth of the company as at 31 March 2021 is negative. These financial statements have also been negatively impacted due to the outbreak of COVID-19. Therefore, these events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However, the Management has prepared the financial statements on a going concern basis since they have a reasonable expectation that the company would be able to meet its liabilities on the basis of letter of financial support provided by the Holding Company, access to alternative sources of funding by the Group entities and implementation of various measures to improve operational efficiency and optimize margins.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. In addition to the matter described in the Material Uncertainty related to Going Concern section we have determined the matter described below to be the key audit matter to be communicated in our report.

The Key Audit Matter	How the matter was addressed in our audit
<p>Impairment evaluation of Property, Plant and Equipment (“PPE”) (refer note 2.4 and 5 to the financial statements)</p> <p>Based on the guidance provided by Ind AS 36 ‘Impairment of assets’, the following indicators that PPE may be impaired have been identified:</p> <ul style="list-style-type: none"> - As of 31 March 2021, the Company’s total liabilities exceeded its total assets by INR 8,872.07 Lakhs - The Company has been consistently reporting losses for the past 9 years. For the year ended 31 March 2021, the Company has reported a net loss before exceptional items and tax amounting to INR 2,969.89 Lakhs. - The automobile sector is expected to face severe business and operational challenges in the near future due to the COVID-19 pandemic. This is likely to have an adverse impact on the economic performance and hence, recoverable amount of the PPE. <p>Therefore, as required by Ind AS 36, the Company has estimated the recoverable amount of its PPE with the assistance of an external expert.</p> <p>The fallout of the COVID-19 pandemic is likely to have severe repercussions on the Indian economy. Any valuation / forecasting assessments performed in this environment are exposed to a higher-than-usual degree of estimation uncertainty and judgement. Accordingly, this is a key audit matter.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> - Obtaining an understanding of the Company’s process and key controls over the impairment evaluation. - Assessing and testing the design and operating effectiveness of such controls. - Evaluating the Company’s process with respect to impairment assessment and fair valuation. Assessed the competence, experience and objectivity of the expert engaged by the management. - Involving our valuation specialists to assess and challenge the appropriateness of the valuation model and the underlying assumptions. - Assessing and testing the sensitivity analysis performed by the Company and evaluating whether any possible changes in assumptions could lead to a significant change the recoverable value.

Other information

The Company’s management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the financial statements and our auditors’ report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s and Board of Directors’ Responsibility for the Financial Statements

The Company’s Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in

Automotive Stampings and Assemblies Limited

accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure A to the Independent Auditors' Report on the financial statements of Automotive Stampings and Assemblies Limited for the year ended 31 March 2021

With reference to Annexure A referred to in paragraph 1 in Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report of even date to the members of the Company on the financial statements for the year ended 31 March 2021, we report that:

- i. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment.
- (b) The Company has regular program of physical verification of its property, plant and equipment, by which all the property, plant and equipment are verified once every year. In accordance with this program, all property, plant and equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to size of the Company and the nature of its assets.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. In our opinion and according to information and explanation given to us, and on the basis of our examination of records of the Company, the inventory except for goods-in-transit and inventory lying with third parties, has been physically verified by management during the year. The discrepancies noticed on verification between the physical stocks and book records were not material and have been properly dealt with in the books of account. In respect of stock lying with third parties at the year end, written confirmation from major parties have been obtained and in respect of goods-in-transit, subsequent goods receipt has been verified by the management. In our opinion, the frequency of such verification is reasonable and adequate in relation to the size of the Company and the nature of its business.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ("Act"). Accordingly, paragraph 3(iii) (a), (b) and (c) of the Order are not applicable.
- iv. According to the information and explanations given to us, the Company has not granted any loans, made investments or provided any guarantees or securities to which provisions of section 185 and 186 of the Act apply. Accordingly, paragraph 3(iv) of the Order is not applicable.
- v. The Company has not accepted any deposits from the public in terms of directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 of the Act and the rules made there under.
- vi. The Company has not accepted any deposits from the public in terms of directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 of the Act and the rules made there under. Accordingly, paragraph 3(V) of the Order is not applicable.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Duty of Customs, Goods and Services Tax, Cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities, except for certain dues in relation to provident fund related matters referred to in note 36(b) to the financial statements. As explained to us, the Company did not have any dues on account of Sales Tax, Service Tax, Value added tax and Duty of Excise.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' state insurance, Income-tax, Duty of customs, Goods and Services Tax and other material statutory dues were in arrears as at 31 March 2021, for a period of more than six

Automotive Stampings and Assemblies Limited

months from the date they became payable except for certain dues in relation to provident fund related matters referred to in note 36(b) to the financial statements.

- (b) According to the information and explanations given to us, there are no dues of Income-tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Goods and Services Tax and Value Added Tax which have not been deposited on account of any dispute except for the following:

Name of the statute	Nature of the dues	Amount (₹ in Lakhs) (Gross Demand)	Amount (₹ in Lakhs) (Paid under Protest)	Period to which the amount relates	Forum where the dispute is pending

* The company is in the process of filing appeal with the respective authority.

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to any financial institution or banks. The Company did not have any

dues to Government or any outstanding debentures during the year.

- ix. In our opinion and according to the information and explanations given to us, the term loan taken by the Company have been applied for the purpose for which they were raised. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- x. According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- xi. In our opinion and according to the information and explanation given to us, managerial remuneration paid / accrued to the Chief Executive Officer of the Company (amounting to INR 65 Lakhs) exceeds the prescribed limits under section 197 read with Schedule V of the Companies Act, 2013 by INR 5 Lakhs. As per the provisions of the Act, the excess remuneration is subject to approval of the shareholders which the Company proposes to obtain in the forthcoming Annual General Meeting. (Refer note 45 to the financial statements).
- xii. According to the information and explanations given to us, the Company is not a Nidhi Company as per the Act. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with section 177 and 188 of the Act and the details, as required by the applicable accounting standards have been disclosed in the financial statements.
- xiv. According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partially convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- xv. According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with them during the year. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

Automotive Stampings and Assemblies Limited

Annexure B to the Independent Auditors' report on the financial statements of Automotive Stampings and Assemblies Limited for the period ended 31 March 2021.

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Automotive Stampings and Assemblies Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021 based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Note 1 : Company overview

Automotive Stampings and Assemblies Limited ('the Company') is engaged in the business of manufacturing sheet metal stampings, welded assemblies and modules for the automotive industry. The Company primarily operates in India. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company's Registered office is at - TACO House, Plot No- 20/B FPN085, V. G. Damle Path, Off Law College Road, Erandwane, Pune: 411004, Maharashtra, India.

Note 2 : Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The accounting policies applied in these financial statements are the same as those applied in the financial statements as at and for the year ended 31 March 2020.

2.1 Basis of preparation of financial statements

(i) Compliance with Ind AS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements were authorized for issue by the Company's Board of Directors on April 26, 2021.

(ii) Basis of preparation

The financial statements have been prepared on a historical cost basis, except for the following items:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value;
- net defined benefit (asset)/ liability – present value defined benefit obligations less fair value of plan assets

(iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest Lakh except share data, unless otherwise indicated.

(iv) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(v) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following note:-

Note 32- Financial risk management

(vi) Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's normal operating cycle is less than 12 months.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

2.2 Revenue recognition

The Company generates revenue principally from -

(i) Sale of products including scrap sales:

The Company recognizes revenue when 'control' of the promised goods underlying the particular performance obligation is transferred to the customer in an amount that reflects the consideration it expects to receive in exchange for those goods. Control of products passes to the customers, at a point in time which is usually upon delivery of goods to the customer / carrier appointed by the customer. Invoices are generated, and revenue is recognised at that point in time. Invoices are usually payable within 30 – 90 days. Revenue excludes taxes collected from customers on behalf of the government.

For contracts that permit the customer to return an item, under Ind AS 115 revenue is recognised to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical data. Returned goods are exchanged only for new goods – i.e. no cash refunds are offered. In such circumstances, a refund liability and a right to recover returned goods asset are recognised. The amount disclosed as revenue is net of Goods and Services Tax collected on behalf of third parties.

(ii) Sale of tools:

Tooling contracts are the fixed price contracts to build a specific tool (asset). Under these contracts a performance obligation is satisfied when control of such assets underlying the particular performance obligation is transferred to the customer. Hence, revenue from tooling contracts is recognized when such tools are transferred to the customers since the customer receives and consumes the benefits at the end of the contract.

Generally, the Company receives short-term tooling advances from its customers which are utilised for providing advance to supplier of the tool. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of any significant financing component.

(iii) Sale of services:

In contracts involving the rendering of services, revenue is measured using the proportionate completion method and are recognized net of goods and service tax as applicable.

(iv) Other Income:

Interest Income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable and dividend income from investments in shares is recognised when the owner's right to receive the payment is established.

2.3 Foreign currency transactions and translation

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing as at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the closing exchange rate prevailing as at the reporting date. Non-monetary assets and liabilities denominated in a foreign currency are translated using the exchange rate prevalent, at the date of initial recognition (in case measured at historical cost) or at the date when the fair value is determined (in case measured at fair value). Foreign exchange gain and loses resulting from the settlement of such transaction and from translation of monetary assets and liabilities denominated foreign

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

currencies at year end exchange rates are recognized in profit and loss. Foreign exchange difference regarded as an adjustment to borrowing cost are presented in the statement of profit and loss, within finance costs. All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other income / other expenses.

2.4 Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation less impairment loss, if any. Historical cost comprises of purchase price, including non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separated items (major components) of property, plant and equipment.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided on a pro-rata basis on the straight line method over the estimated useful lives of the assets which in certain cases may be different than the rate prescribed in Schedule II to the Companies Act, 2013, in order to reflect the actual usages of the assets.

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Class of Asset	Useful life as prescribed in Schedule II of Companies Act, 2013 (in years)	Useful life as followed by the Company (in year)
Factory Building	30	30
Office building	60	60
Plant and machinery		
- Press Machines	15 (on a single shift basis)	20
- Other plant and equipment	15 (on a single shift basis)	10 to 18
Tools, jigs and fixture	15 (on a single shift basis)	15
Furniture and fitting	10	10
Office equipment	5	5
Vehicles	8	4

- Improvements to leased premises are depreciated over the balance tenure of leasehold land.
- Leasehold land is amortized on a straight line basis over the period of the lease.

The assets' residual values, useful lives and method of depreciation are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

recognized as income or expense in the statement of profit and loss.

2.5 Intangible asset

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss. Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. Intangible assets are amortized on a straight line basis over their estimated useful lives ranging from 3-5 years. The amortization period and amortization method are reviewed as at each Balance sheet end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss.

2.6 Non-current assets classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognised for any initial or subsequent write down of the asset to fair value less cost to sell. A gain is recognised for any subsequent increase in fair value less cost to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of sale of the non-current asset is recognised at the date of de-recognition.

Non-current assets are not depreciated or amortized while they are classified as held for sale. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

2.7 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

2.8 Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowing pending their expenditure on

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

2.9 Leases

A. Recognition

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
 - the Company has the right to operate the asset; or
 - the Company designed the asset in a way that predetermines how and for what purpose it will be used. This policy is applied to contracts entered into, or changed, on or after April 01, 2019.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative standalone prices. However, for the leases of land and buildings in which it is a lessee, the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

B. Company as a lessee

Ind AS 116 requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any option to extend or terminate the contract will be exercised. The Company has considered all relevant facts and circumstances to determine whether the option to extend the lease shall be exercised. This includes but is not limited to the fact that certain assets have been leased to us by related parties for operations directly linked to them.

The Company recognises a Right-Of-Use (ROU) asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is re measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is re measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

The Company has applied a single discounting rate to a portfolio of leases of similar assets.

C. Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.10 Inventories

Raw materials and stores, work-in-progress, finished goods are stated at the lower of cost and net realizable value. Cost of raw materials comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the basis of weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

(a) defined benefit plans such as gratuity; and

(b) defined contribution plans

(a) Defined benefit plans

Gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

(b) Defined contribution plans

A defined contribution plan is a post-employment benefit under which an entity pays a specific contribution to a separate entity and has no obligation to pay any further amounts. Retirement benefit in the form of provident fund and superannuation fund are a defined contribution schemes and the contributions are charged to the statement of profit and loss during the period in which the employee renders the related service. The Company has no obligation, other than the contribution payable to these funds. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

(iv) Termination benefits

Termination benefits in the nature of voluntary retirement benefits are recognized as an expense when

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

2.12 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss) (FVTOCI / FVTPL), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement of debt instruments depends on the Company's business models for managing the assets and the cash flow characteristics of the assets. There are three measurement categories into which the Company classifies its debt instruments:

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments:

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established. Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities (that are not held for trading or not designated at fair value through profit or loss) are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based in the effective interest method. Effective interest method is a method of calculating amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial liabilities denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognized in the Statement of Profit or Loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at fair value through profit or loss, the foreign exchange component forms part of the fair value gains or losses and is recognized in the Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 32 (c) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

An impairment loss for financial assets is reversed if the reversal can be related objectively to an event occurring after the impairment loss has been recognized.

(iv) Derecognition

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income, if any, is recognized in the Statement of Profit or Loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of the financial asset.

Financial liabilities are derecognized when, and only when, the obligations are discharged, cancelled or have expired. An exchange with a lender of a debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and a recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of a financial liability derecognized and the consideration paid or payable is recognized in the Statement of Profit or Loss.

2.13 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

2.14 Impairment of non-financial assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the Statement of Profit and Loss.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date. In respect of non-financial assets, an impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The carrying value of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying value that would have been determined (net of any accumulated depreciation or amortization) had no impairment loss been recognized for the said asset in previous years. The reversal of impairment loss is recognized in the Statement of profit and loss.

2.15 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

2.16 Earnings/(loss) per share

(i) Basic earnings/ (loss) per share

Basic earnings / (loss) per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

(ii) Diluted earnings / (loss) per share

Diluted earnings / (loss) per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.17 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

2.18 Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operate and generate taxable income. Management periodically

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.19 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Provisions for restructuring are recognized by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

2.21 Government grants

Grant from the government are recognized at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchases of Property, Plant and Equipment are included in non-current liability as deferred income and are credited to Profit and loss on a straight line basis over the expected lives of the related assets and presented within other income.

2.22 Derivatives

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other income / expenses .

2.23 Cash flow statement

Cash flows are reported using the indirect method, where by profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Note 3: Recent pronouncements

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as

required by law.

Note 4 : Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities and the accompanying disclosures.

These judgments, estimates and assumptions are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

This note provides an overview of the areas that involve a higher degree of judgments or complexities and of items which are more likely to be materially adjusted due to estimates and assumptions to be different than those originally assessed. Detailed information about each of these judgments, estimates and assumptions is mentioned below. These Judgments, estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Significant judgments

4.1 Contingent liabilities

The Company has received various orders and notices from tax and other judicial authorities in respect of direct taxes, indirect taxes and labour matters. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. The filing of a suit or formal assertion of a claim against the Company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate. Management regularly analyzes current information about these matters and makes provisions for probable losses including the estimate of legal expense to resolve the matters. In their assessments management considers the degree of probability of an unfavorable outcome and the ability to make a sufficiently reliable estimate of the amount of loss.

4.2 Going concern assumptions

The Company has incurred a net loss of INR 2,988.74 lakhs during the year ended March 31, 2021 and, as of the date the total liabilities exceed its total assets by INR 8,872.07 lakhs. The networth of the company as at March 31, 2021 is thus negative. The year end financial results have also been negatively impacted due to the outbreak of the COVID-19. These indicate that material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, that the Company may be unable to realise its assets and discharge its liabilities in the normal course of business. The Company's management has carried out an assessment of the Company's financial performance and has obtained a letter providing comfort of financial support from the Holding Company, if required to meet its liabilities. The company also has access to alternate sources of funding by the Group entities. The Company has also prepared a strategic plan for the next five years after recognising the unexpected effect of COVID-19. The said plan takes into account reduction in costs through operational efficiency, improvement initiatives, rationalisation of existing operations and increase in sales volumes from the existing and new customers. With continued efforts, the Company expects to address the material uncertainty in future. Also, the performance of the Company has improved in the last two quarters of the year ended March 31, 2021 as compared to the performance of the earlier two quarters of the FY 2020-21. Accordingly, the above financial results have been prepared on going concern basis which contemplates realisation of assets and settlement of liabilities in the normal course of business.

4.3 Determination of cash generating unit (CGU) for Impairment analysis

As part of its impairment assessment for non-financial assets (i.e. property, plant and equipment), the

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

management needs to identify Cash Generating Units i.e. lowest group of assets that generate cash flows which are independent of those from other assets. Considering the nature of its assets, operations and administrative structure, the management has defined all assets put together as a single Cash Generating Unit.

4.4 Segment reporting

Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources.

Operating segments are defined as 'Business Units' of the Company about which separate financial information is available that is evaluated regularly by the chief operating decision-maker, or decision-making group, in deciding how to allocate resources and in assessing performance.

The Company operates in the automotive segment. The automotive segment includes all activities relating to development, design, manufacture, assembly and sale of auto component parts from which the Company derives its revenues. The management considers that these business units have similar economic characteristics like the nature of the products and services, the nature of the production processes and nature of the regulatory environment etc.

Based on the management analysis, the Company has only one operating segment, so no separate segment report is given. The principal geographical areas in which the Company operates is India.

4.5 Impairment of Property, plant and equipment : Key assumptions used

The management has assessed current and forecasted financial performance of the Company and the current market value of the assets to determine whether carrying value of property, plant and equipment has suffered any impairment. Impairment assessment is based on estimates of future financial performance or opinions that may represent reasonable expectations at a particular point of time. Such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, that events will occur, or that a particular price will be offered or accepted. Actual results achieved may vary and the variations may be material.

4.6 Claims payables & receivable to customers

Price increase or decrease due to change in major raw material cost, pending acknowledgement from major customers, is accrued on estimated basis. Also the Company has made accruals in respect of unsettled prices for some of its other material purchase contracts, finished goods and scrap sales contracts. These accruals are made considering the past settlement arrangements with the vendors and customers respectively and the applicable metal prices from published sources. Actual results of these considerations may vary and the variations may be material.

Further, the management has assessed and believes that the timing of cash outflow pertaining to this accruals are uncertain and hence considered the same as payable on demand and classified under current liabilities.

4.7 Defined benefit plan

The cost of the defined benefit gratuity plan, other retirement benefits, the present value of the gratuity obligation and other retirement benefit obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on Indian Assured Lives Mortality (2006-08) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note 43.

4.8 Fair valuation of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.9 Impairment of financial assets

The impairment provisions for financial assets disclosed under Note 32 are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

4.10 Estimation of uncertainties relating to the global health pandemic from COVID-19:

Due to spread of COVID-19 pandemic and consequent mandatory lockdowns and restrictions in activities imposed by the Government, the Company's manufacturing plants and offices had to be closed down for a considerable period of time, during the year ended March 31, 2021. As a result of the lockdown, the manufacturing operations for the first two quarters were significantly impacted. Further, on the background of recent surge of COVID-19 cases in India, the Company is monitoring the situation closely. Management believes that it has taken into account all the possible impacts of known events arising from COVID-19 pandemic in the preparation of the financial results including but not limited to its assessment of Company's liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets and the net realisable values of other assets. However, given the effect of these on the overall economic activity and in particular on the automotive industry, the impact assessment of COVID-19 on the above mentioned financial statement captions is subject to significant estimation uncertainties given its nature and duration and, accordingly, the actual impacts in future may be different from those estimated as at the date of approval of these financial results. The Company will continue to monitor any material changes to future economic conditions and consequential impact on its financial results.

Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level are as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The carrying amount of trade receivables, cash and cash equivalent, bank balances other than cash and cash equivalent, other current financial assets, short term borrowings, trade payables and other financial liabilities are considered to be same as their fair values, due to their short term nature.

The Company has availed long term borrowings from banks, financial institutions and holding company carrying interest in the range of 10.25% to 11.00%. The Company has determined the fair value of these loans based on discounted cash flows using a current borrowing rate. The carrying values approximates their respective fair values. Similarly the fair value of non-current financial assets also approximates its carrying value.

Valuation technique used to determine fair value:

Specific valuation technique used to value financial instruments include

- Fair value of forward foreign exchange contracts is determined using forward exchange rates as at the balance sheet date
- Fair value of the remaining financial instruments is determined using discounted cash flow analysis.

Valuation processes

For valuation of financial assets and liabilities, the finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the CFO and the valuation team on regular basis.

Note 32 : Financial risk management

In the course of its business, the Company is exposed primarily to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, the Company has a risk management policy which covers risks associated with the financial assets and liabilities such as credit risks, liquidity risk etc. The risk management policy is approved by the board of directors. The risk management framework aims to achieve greater predictability to earnings by determining the financial value of the expected earnings in advance.

(A)Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company's treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet this.

Maturities of financial liabilities

The tables below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows.

Contractual maturities of financial liabilities	Upto 1 Year	Between 1 and 2 years	2 years and above	Total
March 31 , 2021				
Non-derivatives				
Borrowings	11,815.98	2,356.25	1,251.56	15,423.79

Financing Arrangement

The company has access to undrawn facility as at the year end including cash credit facility amounting to INR 4,134.01 Lakhs (March 31, 2020 INR 141.90 Lakhs).

(B) Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the foreign currency exchange rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(a) Interest rate risk

The Company has fixed rate borrowing and variable rate borrowings. The fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The exposure of the borrowings (long term and short term (excluding factored receivables)) to interest rate changes at the end of the reporting period are as follows:-

	As at March 31, 2021	As at March 31, 2020
Variable rate borrowings	5,840.98	6,674.44
Fixed rate borrowings	9,900.00	7,850.00
Total	15,740.98	14,524.44

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding's

	As at March 31, 2021			As at March 31, 2020		
	Weighted average interest rate	Outstanding balance	% of total loans	Weighted average interest rate	Outstanding balance	% of total loans
Bank loan	10.52%	5,840.98	37.11%	10.62%	6,674.44	45.95%

The percentage of total loans shows the proportion of loans that are currently at variable rates in relation to the total amount of borrowings.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

Sensitivity

Loss is sensitive to change in interest expenses from borrowings as a result of change in interest rates

Change in interest rate	Impact on profit after tax	
	As at March 31, 2021	As at March 31, 2020
Increases in rates by - 0.50%	29.20	33.37
Decreases in rates by - 0.50%	(29.20)	(33.37)

(b) Foreign currency risk

The Company's imports includes raw materials and capital goods. As a result of this the Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and EUR. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

The Company's risk management policy is to hedge forecasted foreign currency transactions for the subsequent 6 months. The objective of the hedges is to minimize the volatility of the INR cash flows of highly probable forecast transactions.

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows

	As at March 31, 2021		As at March 31, 2020	
	USD	EUR	USD	EUR
Financial liabilities				
Trade payables	77.43	1.97	59.38	1.85
Foreign currency borrowings including interest	-	-	206.45	-
Exposure to foreign currency risk (liabilities)	77.43	1.97	265.83	1.85
Foreign exchange forward contracts against above payables	77.18	-	249.68	-
Fair Value Gain / (Loss)	-0.52	-	8.75	-

Sensitivity

The sensitivity for above net exposure to foreign currency for all liabilities does not have a material impact to profit and loss.

(C) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness. For the Company, credit risk arises from cash and cash equivalents, other balances and deposits with bank and financial institutions and trade receivables.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

Credit risk management

For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the counterparty ability to meet its obligations
- actual or expected significant changes in the operating results of the counterparty
- significant increase in credit risk on other financial instruments of the same counterparty
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 90 days past due.

A default on a financial asset is when the counterparty fails to make contractual payments within 365 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure.

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other financial assets that are neither impaired nor past due, there were no indications as at March 31, 2021, that defaults in payment obligations will occur.

The Company follows 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date) model for recognition of impairment loss on financial assets measured at amortized cost other than trade receivables. The Company follows lifetime expected credit loss model (simplified approach) for recognition of impairment loss on trade receivables.

The ageing of trade receivable as on balance sheet date is given below. The age analysis has been considered from the due date.

Trade receivables	As at March 31, 2021			As at March 31, 2020		
	Gross	Allowance	Net	Gross	Allowance	Net

Note 33 : Capital Management

(a) Risk management

The Company's objectives when managing capital are to:-

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

The Company determines the amount of capital required on the basis of annual operating plans, long-term product and maintaining other strategic investment plans. The funding requirements are met through equity, long term borrowings and short-term borrowings. The Company's policy is aimed at maintaining optimum combination of short-term and long-term borrowings. The Company manages its capital structure and make adjustments considering the economic environment, the maturity profile of the overall debt of the company and the requirement of the financial covenants.

Total debt includes all long term debts as disclosed in note 18 to the financial statements.

	As at March 31, 2021	As at March 31, 2020

Note 34 : Segment information

Ind AS 108 establishes standards for the way that public business enterprises report information about operating segments and related disclosure about products and services, geographic areas and major customer. The Company is engaged mainly in the business of manufacturing and trading of automobile components, design and engineering services. Based on the "management approach" as defined in Ind AS 108, the 'Chief Operating Decision Maker' (CODM) considers entire business as single operating segment. The Company's operating divisions are managed from India. The principal geographical areas in which the Company operates are India.

Revenue from customer for each of the major products is as follows:-

	Year ended March 31, 2021	Year ended March 31, 2020
- Components, assemblies and sub-assemblies	28,975.62	29,751.94
- Tools, dies and moulds	460.27	1,962.94
- Scrap	4,477.13	4,525.42
Total	33,913.02	36,240.30

Revenue from two major customers of the Company's single reportable segment is INR 24,365.17 Lakhs (March, 31 2020 INR 17,744.52 Lakhs) which are more than 10% of the Company's total revenue.

Note 43 : Employee benefits

(A) Defined benefit plans

a) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognized funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments. These defined benefit plans expose the Company to actuarial risks, such as interest rate risk, etc.

Changes in present value of defined benefit obligation are as follows:

	Present value of obligation	Fair value of plan assets	Net amount
Opening defined benefit obligation as at April 1, 2019	649.25	-433.65	215.60
Current service cost	48.22	-	48.22
Interest expense/(income)	43.86	-30.46	13.40
Total amount recognized in profit or loss	92.08	-30.46	61.62
Remeasurements			
Return on plan assets, excluding amounts included in interest expense	-	3.22	3.22
(Gain) from change in financial assumptions	29.33	-	29.33
Experience losses	-6.30	-	-6.30
Total amount recognized in other comprehensive income	23.03	3.22	26.25
Employer contributions	-	-2.90	-2.90
Benefit payments	-45.27	-	-45.27
Closing defined benefit obligation as at March 31, 2020	719.09	-463.79	255.30

	Present value of obligation	Fair value of plan assets	Net amount
Opening defined benefit obligation as at April 1, 2020	719.09	-463.79	255.30

Note 43 : Employee benefits (continued)

The net liability disclosed above relates to funded plans are as follows:

	As at March 31, 2021	As at March 31, 2020
Present value of funded obligations	780.21	719.09
Fair value of plan assets	-493.25	-463.78
Non-current liability recognized in Balance Sheet	286.96	255.30

Valuation in respect of gratuity has been carried out by independent actuary, as at the Balance Sheet date, based on the following assumptions:

	As at March 31, 2021	As at March 31, 2020
Discount rate	6.60%	6.10%
Salary escalation	8.00%	8.00%
Rate of return on plan assets	6.91%	6.10%
Attrition rate for Management	16.00%	18.00%
Attrition rate for others	3.00%	18.00%

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

	Year ended March 31, 2021	Year ended March 31, 2020
Increase/(decrease) in present value of defined benefit obligation as at the end of the year		
(i) 1% increase in discount rate	-76.55	-32.43
(ii) 1% decrease in discount rate	89.18	35.58
(iii) 1% increase in rate of salary escalation	87.14	34.72
(iv) 1% decrease in rate of salary escalation	-76.34	-32.28

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognized in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Category of planned asset

b) The following payments are expected contributions to defined benefit plan in future years

The weighted average duration of the defined benefit obligation is 11 years (March 31, 2020 5 years)

	As at March 31, 2021	As at March 31, 2020
Defined benefit obligation		
Less than a year	38.34	125.65
Between 1 - 2 years	40.58	119.07
Between 2 - 5 years	164.94	326.41
Over 5 years	394.30	439.42
Total	638.16	1,010.55

(B) Defined contribution plans

The Company has certain defined contribution plans. Contributions are made to provident fund in India for employees at the rate of 12% as per local regulations. The contributions are made to provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual or any constructive obligation. The Company also has liability to contribute to other defined contribution plans. The Company has recognized the following amounts in the Statement of Profit and Loss.

	As at March 31, 2021	As at March 31, 2020
Contribution to Employee's Superannuation Fund	19.44	22.18
Contribution to Provident Fund	140.84	169.54
Contribution to Labour Welfare Fund	0.35	0.47
Contribution to Employee's State Insurance Scheme	4.57	13.86

(C) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below :

1. Interest rate risk:

The defined benefit obligation is calculated using a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

2. Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

3. Demographic risk:

For example, as the plan is open to new entrants, an increase in membership will increase the defined benefit obligation. Also, the plan only provides benefits upon completion of a vesting criteria. Therefore, if turnover rates increase then the liability will tend to fall as fewer employees reach vesting period.

Note 46 : Risk assessment by the Company of COVID-19 (Global Pandemic):

Due to spread of COVID-19 pandemic and consequent mandatory lockdowns and restrictions in activities imposed by the Government, the Company's manufacturing plants and offices had to be closed down for a considerable period of time, during the year ended March 31, 2021. As a result of the lockdown, the manufacturing operations for the first two quarters were significantly impacted. Further, on the background of recent surge of COVID-19 cases in India, the Company is monitoring the situation closely. Management believes that it has taken into account all the possible impacts of known events arising from COVID-19 pandemic in the preparation of the financial results including but not limited to its assessment of Company's liquidity and going concern, recoverable values of its property, plant and equipment, intangible assets and the net realisable values of other assets. However, given the effect of these on the overall economic activity and in particular on the automotive industry, the impact assessment of COVID-19 on the above mentioned financial statement captions is subject to significant estimation uncertainties given its nature and duration and, accordingly, the actual impacts in future may be different from those estimated as at the date of approval of these financial results. The Company will continue to monitor any material changes to future economic conditions and consequential impact on its financial results.

Note 47 : Other

- a) Subsequent to the year end in the board meeting held on April 5, 2021, the Board of Directors approved the sale of the company's land along with building situated at Chakan. The Company has also identified potential buyer and is in the process of obtaining an approval from the shareholders under section 180 (1) (a) of the Companies Act, 2013, in the forthcoming annual general meeting to authorise the execution of this transaction.
- b) The disclosure regarding details of specified bank notes held and transacted during 8 November 2016 to 30 December 2016 have not been made since the requirement does not pertain to financial year ended March 31, 2021.

Note 48 :

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.
